

Dec. 2012

To Whom It May Concern:

This is a letter of recommendation for Mr. Mark Rothstein of Rapid Restoration, 545 NW Mercantile Way #117, Port St. Lucie, Fla. 34986

On 8/14/2012 my condo located at [redacted] in Jensen Beach, Fl. Flooded which resulted in extensive damages to the floors and walls. Mr. Rothstein and his crew responded immediately and cleared out the water, removed all the damaged carpeting and debris in record time. He then stepped in to work with my insurance company to insure that all the damages were included in their reports. I feel truly blessed to have had him take charge of this situation due to the fact that I am a senior citizen living in Virginia at the present time and was unable to come down to take care of this business myself. He kept me abreast of the situation at all times and forwarded me pictures of the work before and after he completed his tasks.

Him & his crew restored the condo with a beautiful paint job, new carpeting etc. Thanks to him I am now ready to put the unit on the market for sale and feel confident that it will show very well. I am thankful to him for the professional way he completed the work and helped me through this difficult situation.

I would highly recommend Mark and his company to anyone needing his help and have them contact me if they need any additional information.

Sincerely,

*Ida Miller*
