

Dear Mark:

*One year later, we finally moved into our home on [redacted] Street, Port Saint Lucie.
A great big "THANK YOU" to you and your crew during those trying days after my home was flooded.*

*One cannot even begin to understand how dramatic that was for us.
But for your constant optimism and assurance that everything would be ok, we would not have made it thru
those trying times.*

Thanks again for giving me back my home and most of all my peace of mind.

Thanks so much for all your cooperation and help getting our home back to livable conditions.

Please feel free to visit any week-end you are free.

Sincerely,
